Code Breaker Instructions

The solution to breaking the coded message is the key. The key to this coded message is S=A

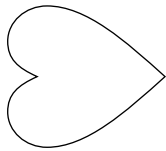

To break the code turn the letter A on the inside wheel to align with the letter S on the outside wheel. Keep the wheel in this position. Now the message can be found by using the correct letters.

EX. Find the first letter on the message (Y) on the outside wheel. The letter on the inside wheel is "G". Write "G" on the blank. Continue to decode the message.

Create your own messages by creating a new key. Change the letter A on the inside wheel to correspond with another outside letter.

Give this new key to the person receiving a coded message you have created.

John 3:16
For God so
loved the world
that He gave His
only son, that
whoever
believes in Him
should not die
but have
everlasting life.

And God did
something to
prove it. He gave
His only Son
Jesus, to save
everyone who
believes in Him.
Now all
those people can
live in heaven
forever if they
trust Jesus.
What a
WONDERFUL
PROMISE.

In the Bible, we
find a wonderful
promise,
John 3: 16 says
that God loves
you and me. He
loves everyone
in your family. He
loves your
neighbors. In fact
He loves everyone
in your city. Yes,
His love is so big it
reaches to everyone
in the whole world.
